ATTIX 7

Wet and dry vacuum cleaner

- **Large Capacity** - Perfect for users who require large capacity, efficiency and durability with a robust steel chassis.
- **Versatile Container Handling** - The container either tilts or can be lifted off the frame for quick and easy emptying or cleaning.
- **Silent Operation** - The low working noise level makes this machine the quietest in its class. A luxury feature for a comfortable working environment
- **Superior suction performance** - The twin turbine motor produces enough air flow and suction power to give you a better result in less time.
- **Speed governor (-21 model only)** - To control suction power and noise level and prevent sanders sticking to the working surface when dust extracting.
- **Versatile Container Handling** - The container either tilts or can be lifted off the frame for quick and easy emptying or cleaning.
- **EC Drive System (790 -21 EC version)** Brushless, ignition source free single phase EC motor that is electronically regulated for precise power control. In fact the EC drive motor delivers nearly 6% higher air flow than a universal motor for the same energy cost.
 - Extended life time
 - No sparks or carbon dust from the motor
- **ATTIX 751-61** - This Liquid Vac will pick up water at 200 litres per min and discharge it as far as 9 metres higher and 50 metres away from the site of the flood.
